

WRATS 2045 Metropolitan Transportation Plan Comment Period is Now Open!

Are you tired of traffic?

We want to hear from you!

The Metropolitan Transportation Plan for all of Houston and part of Peach County is almost complete...but first we need to hear from you! The Warner Robins Area Transportation Study (WRATS) has released the draft Metropolitan Transportation Plan (MTP) for public review and is holding its final outreach opportunity virtually.

You can view the outreach presentation materials and the Draft MTP and submit comments via the online survey located at the following link:

<https://www.wrga.gov/636/WRATS-2045-MTP>

Don't delay....the comment period ends September 30, 2020!

A hard copy of the plan and the outreach materials are available by request.

If you have any questions or are unable to view the materials above, please contact Jessica Bird at 478-302-5505 or jbird@wrga.gov

About WRATS

The Warner Robins Area Transportation Study (WRATS) is the local transportation planning organization responsible for carrying out federally mandated, multimodal transportation planning for Houston County and a portion of Peach County. One of the key responsibilities of WRATS is the Metropolitan Transportation Plan (MTP).

About The Metropolitan Transportation Plan (MTP)

This plan is a federally mandated document that analyzes existing transportation infrastructure, collects community input, outlines objectives and goals for the MPO region and contains a prioritized, financially constrained list of projects for implementation between 2021 and 2045.
