## INDEPENDENT AUDITOR'S REPORT

---

**To the Honorable Mayor and Members  
of the City Council  
City of Centerville, Georgia  
Centerville, Georgia**

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Centerville, Georgia** (the "City"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the ARPA Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

---

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

---

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 5 – 12), the Schedule of Changes in the City's Net Pension Asset and Related Ratios (on pages 45 and 46), and the Schedule of City Contributions (on pages 47 and 48) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining statements and schedules and the Schedule of Expenditures of Special Purpose Local Option Sales Tax Proceeds, as required by the Official Code of Georgia Annotated ("O.C.G.A") §48-8-121 are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and schedules and the Schedule of Expenditures of Special Purpose Local Option Sales Tax Proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

---

***Other Reporting Required By Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Mauldin & Jenkins, LLC*

## MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2022 (UNAUDITED)

---

As management of the City of Centerville (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. Please review in conjunction with the City's financial statements.

### FINANCIAL HIGHLIGHTS

Assets and deferred outflows exceeded the City's liabilities and deferred inflows in the amount of \$29,260.1 thousand for the governmental activities and \$10,440.3 thousand for the business-type activities for a total net position of \$39,700.4 thousand. This is in comparison to prior year total net position of \$38,693.1 thousand and reflects an increase of \$1,007.3 thousand in net position.

In the government-wide statement of activities, revenues and expenses for the governmental activities were \$6,457.9 thousand and \$5,848.7 thousand with a change in net position of \$609.2 thousand. This is compared with prior year revenues and expenses of \$8,423.2 thousand and \$5,857.5 thousand, respectively.

In the government-wide statement of activities, revenues and expenses for the business-type activities were \$3,996.9 thousand and \$3,598.8 thousand with an increase in net position of \$398.1 thousand. This is compared with prior year revenues and expenses of \$3,986.3 thousand and \$4,515.8 thousand, respectively.

In the fund financial statements, the City's governmental funds reported a combined ending fund balance of \$3,310.8 thousand in comparison with prior years combined ending fund balance of \$2,873.1 thousand, an increase of \$437.7 thousand, respectively.

As of June 30, 2022, general fund unassigned fund balance was \$2,188.9 thousand, or 42.6% of general fund expenditures.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis ("MD&A") are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains supplementary information, in addition to the basic financial statements.

### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements consist of the Statement of Net Position and the Statement of Activities. These statements are comparable to the reporting requirements of private sector businesses and provide financial information about the City as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The Statement of Net Position presents information on all the City's assets and deferred outflows and liabilities and deferred inflows with the difference reported as net position. This increase or decrease in net position serves as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing the change in the City's net position in the most recent fiscal year. Revenues and expenses are recognized on the accrual basis of accounting regardless of the timing of related cash flow.

The City divides the Statement of Net Position and Statement of Activities into two types of activities:

- **Governmental Activities** – The City's basic services are accounted for in this section, including public safety (police, fire, probation and animal control), streets, culture-recreation, housing and development, public improvements, planning and zoning, judicial and general administration. These activities are supported by property taxes, franchise fees, business licenses, alcohol licenses, building permits and federal and state grants.
- **Business-type activities** – The City provides water and sewer services, sanitation services and storm water utility services to the residents of the City. Fees for these services fund and support the costs of billings, activation of new customer accounts, reading of meters, supplies and routine repairs and maintenance.

### FUND FINANCIAL STATEMENTS

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, use fund accounting to ensure and demonstrate finance-related legal compliance. All funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

- **Governmental Funds:** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, one may better understand the long-term impact of the City's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between governmental activities and governmental funds.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Governmental funds include the general fund, special revenue funds and capital project funds.

Budgetary comparison statement is included in the basic financial statements for the general fund. This statement demonstrates compliance with the City's adopted and final revised budget. These governmental fund statements can be found on pages 16 – 20.

- **Proprietary Funds:** The City maintains three proprietary funds, all of which are enterprise funds. Enterprise funds report the same activity as the business type activities in the government-wide financial statements. The City accounts for the water and sewer service, sanitation service and stormwater utility service through its enterprise funds. Refer to pages 22 – 24 for proprietary fund statements.
- **Fiduciary Funds:** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The City has one fiduciary fund: the Municipal Court fund.
- **Notes to the Financial Statements:** Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Notes to the financial statements can be found on pages 25 – 44 of this report.
- **Required Supplementary Information:** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the City's net pension asset or liability and the City contributions. Required supplementary information can be found on pages 45 – 48 of this report.
- **Other Supplementary Information:** In addition to the basic financial statements and accompanying notes, this report also presents individual and combining nonmajor fund financial statements. These may be found beginning on page 49.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflows exceeded liabilities and deferred inflows by \$39,700.4 thousand, which is an increase of \$1,007.3 thousand, or 2.6 % from fiscal year 2021.

**Statement of Net Position**  
**June 30, 2022 and 2021**  
(in thousands)

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Current and other assets	\$ 4,675.5	\$ 3,305.9	\$ 4,970.4	\$ 4,475.1	\$ 9,645.9	\$ 7,781.0

Current and other liabilities	2,023.7	1,083.1	474.9	519.1	2,498.6	1,602.2
Long-term liabilities	2,446.5	2,976.6	9.8	12.4	2,456.3	2,989.0
Total liabilities	<u>4,470.2</u>	<u>4,059.7</u>	<u>484.7</u>	<u>531.5</u>	<u>4,954.9</u>	<u>4,591.2</u>
Deferred Inflows of Resources	<u>723.7</u>	<u>83.6</u>	<u>180.9</u>	<u>20.9</u>	<u>904.6</u>	<u>104.5</u>
Net position:						
Investment in capital assets	25,302.4	25,336.6	5,748.2	5,946.1	31,050.6	31,282.7
Restricted	1,097.2	772.4	-	-	1,097.2	772.4
Unrestricted	2,860.5	2,541.9	4,692.1	4,096.1	7,552.6	6,638.0
Total net position	<u>\$ 29,260.1</u>	<u>\$ 28,650.9</u>	<u>\$ 10,440.3</u>	<u>\$ 10,042.2</u>	<u>\$ 39,700.4</u>	<u>\$ 38,693.1</u>

As a whole, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$39,700.4 thousand at the close of fiscal year June 30, 2022. Of the \$39,700.4 thousand in total net position, \$31,050.6 thousand, or 78.2% reflects net investment in capital assets (i.e., land, infrastructure, buildings, machinery and equipment), \$1,097.2 thousand, or 2.7% is restricted net position and \$7,552.6 thousand, or 19.1% is unrestricted net position.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The following table provides a comparison for the changes in the net position in governmental and business-type activities for the fiscal years ended June 30, 2022 and 2021.

### Statement of Activities June 30, 2022 and 2021 (in thousands)

Transfers	<u>241.5</u>	<u>1,366.2</u>	<u>(241.5)</u>	<u>(1,366.2)</u>	<u>-</u>	<u>-</u>
Change in net position	<u>609.2</u>	<u>2,565.7</u>	<u>398.1</u>	<u>(529.5)</u>	<u>1,007.3</u>	<u>2,036.2</u>
Net position, beginning of year	<u>28,650.9</u>	<u>26,085.2</u>	<u>10,042.2</u>	<u>10,571.7</u>	<u>38,693.1</u>	<u>36,656.9</u>
Net position, end of year	<u>\$ 29,260.1</u>	<u>\$ 28,650.9</u>	<u>\$ 10,440.3</u>	<u>\$ 10,042.2</u>	<u>\$ 39,700.4</u>	<u>\$ 38,693.1</u>

As a whole, the City's net position increased \$1,007.3 thousand as of the close of the fiscal year ended June 30, 2022. Of this increase, \$609.2 thousand, or 60.5% is attributable to the governmental activities and \$398.1 thousand, or 39.5% is attributable to the business-type activities.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### FUND FINANCIAL ANALYSIS

#### Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending as of the fiscal year-end.

As of the end of fiscal year 2022, the City's governmental funds reported combined ending fund balance of approximately \$3,310.8 thousand, or an increase of approximately \$437.7 thousand when compared with prior year.

This increase of fund balance in the amount of \$437.7 thousand is comprised of an increase of \$112.9 thousand in the general fund, \$315.8 thousand in the SPLOST fund and \$9.0 thousand in the nonmajor governmental funds, respectively.

The General Fund is the chief operating fund of the City. As of June 30, 2022, the total unassigned fund balance of the general fund was \$2,188.9 thousand. Unassigned fund balance represents approximately 42.6% of total general fund expenditures.

#### Proprietary funds

The City's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted combined net position of the water and sewer fund, sanitation fund and stormwater utility fund at the end of fiscal year 2022 amounted to \$4,692.1 thousand, an increase of \$596.1 thousand.

### GENERAL FUND BUDGETARY HIGHLIGHTS

The City Council revisits the budget several times during the year. Differences in expenditures between the original budget and the final amended budget in the general fund amounted to a \$330.1 thousand increase. General Fund actual expenditures of \$5,144.2 thousand was 87.6% of the final amended appropriations of \$5,871.8 thousand, or \$727.6 thousand less than the final budget.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### CAPITAL ASSETS

The City's capital assets for its government and business-type activities as of June 30, 2022 total \$33,977.6 thousand (net of accumulated depreciation). This investment in capital assets includes land, public buildings and improvements, construction in progress, infrastructure, water and sewer improvements, machinery and equipment and furniture and fixtures. The City's capital assets decreased \$763.4 thousand.

Additional information of the City's capital assets can be found in Note 4 beginning on page 35 of this report.

#### Capital Assets at Year-End (in thousands)

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Land and improvements	\$ 762.2	\$ 729.3	\$ 816.2	\$ 816.1	\$ 1,578.4	\$ 1,545.4
Construction in progress	-	4,667.0	-	-	-	4,667.0
Buildings and improvements	9,736.8	5,260.5	1,783.5	1,824.6	11,520.3	7,085.1
Infrastructure	16,859.6	17,268.7	2,959.9	3,111.3	19,819.5	20,380.0
Equipment	870.8	869.5	188.6	194.0	1,059.4	1,063.5
<b>Total</b>	<b>\$ 28,229.4</b>	<b>\$ 28,795.0</b>	<b>\$ 5,748.2</b>	<b>\$ 5,946.0</b>	<b>\$ 33,977.6</b>	<b>\$ 34,741.0</b>

### DEBT MANAGEMENT

The City's long-term debt for its governmental and business-type activities as of June 30, 2022 total \$3,146.5 thousand in comparison to \$3,671.8 thousand in the prior year. This change reflects a decrease of \$525.3 thousand in long-term debt.

#### Long-Term Obligations at Year-End (in thousands)

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Notes and other obligations	\$ 3,105.6	\$ 3,626.9	\$ 40.9	\$ 44.9	\$ 3,146.5	\$ 3,671.8

Refer to Note 5 beginning on page 37 of this report for additional information on the City's long-term obligations.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### ECONOMIC FACTORS AND 2022 BUDGET

Factors considered in preparation of the fiscal year 2022 budget include:

- Account for inflation in City insurance premiums for workers' compensation and property and liability insurance.
- Expand the workforce by one employee in the fire department and one employee in the street department.
- Maintain millage rate at the current rate of 11.944. This is considered a tax increase since the rollback rate was less than the current rate.
- Construction of sanitary sewer line at Bay Gall Creek.

As of June 30, 2022, unemployment rates for the Middle Georgia region were 3.6%. This represents a decrease in comparison to the unemployment rate of 4.7% in 2021.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	437,749
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.</p>		
Capital asset additions	\$ 249,279	
Depreciation expense	<u>(813,099)</u>	(563,820)
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, donations) is to decrease net position.</p>		
		(1,782)
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.</p>		
Principal retirement of long-term debt		531,430
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>		
Compensated absences	\$ (10,051)	
Net pension asset related deferred inflows and outflows	<u>215,658</u>	<u>205,607</u>
Change in net position - governmental activities		<u>\$ 609,184</u>

## **NOTES TO THE FINANCIAL STATEMENTS**

**CITY OF CENTERVILLE, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Centerville, Georgia (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

**A. The Financial Reporting Entity**

The City operates under a charter adopted on March 25, 1958. The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: public safety (police, fire, probation, and animal control), public works, culture-recreation, housing and development, public improvements, planning and zoning, judicial, and general administrative services. In addition, the City provides water and sewer services, sanitation services as well as stormwater utility services. These financial statements present the government entities for which the City is considered to be financially accountable.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund level financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current fiscal period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenue to be available if it is collected within 60 days of the end of the current fiscal period. Major revenue sources that are susceptible to accrual are property taxes and intergovernmental revenue. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund

The **Special Purpose Local Option Sales Tax ("SPLOST") Fund** is used to account for monies received from intergovernmental revenues (i.e., special purpose local option sales taxes) for various City projects.

The **American Rescue Plan Act ("ARPA") Fund** is used to account for monies received from the U.S Department of Treasury for grant activity.

Proprietary Fund financial statements are used to account for activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position, and cash flows.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Proprietary funds are accounted for using the accrual basis of accounting as follows:

Revenues are recognized when earned, and expenses are recognized when the liabilities are incurred. On the proprietary funds financial statements, operating revenues are those that flow directly from the operations of the activity, i.e., charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide the goods or services. Non-operating revenues and expenses are items such as investment income and interest expenses that are not a result of the direct operations of the activity.

The City reports the following major proprietary funds:

The **Water and Sewer Fund** is used to account for water and sewer operations as well as construction and maintenance of water and sewerage projects.

The **Sanitation System Fund** is used to account for operating revenues and expenses relating to garbage pickup.

Additionally, the City reports the following fund types:

The **Special Revenue Funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The **Capital Projects Fund** accounts for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

The **Stormwater Fund** accounts for the City's stormwater operations and related capital projects.

#### D. Cash, Cash Equivalents and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less. State statutes and the City's official investment policy authorize the City to invest in obligations of the U.S. Treasury, commercial paper, repurchase agreements, bankers' acceptances, money market mutual funds and direct obligations of the State of Georgia.

The City records investments at fair market value in accordance with GAAP. All investment income is recognized as revenue in the appropriate fund's statement of revenues, expenditures and changes in fund balance.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Receivables and Payables

Property tax receivables and revenues for property taxes are reflected on the government-wide statement based on the full accrual method of accounting. Property tax receivables for prior year's levy are shown net of an allowance for uncollectible accounts.

Accounts receivable from other governments include amounts due from grantors for approved grants for specific programs and reimbursements for services performed by the City. Program grants are recorded as receivables and revenues at the time all eligibility requirements established by the provider have been met. Reimbursements for services performed are recorded as receivables and revenues when they are earned in the government-wide statements. Included are billable services for certain contracts. Revenues received in advance of the costs being incurred are recorded as deferred revenue in the fund statements. Receivables are shown net of an allowance for uncollectible accounts.

#### F. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify for reporting in this category that relate to the City's defined benefit pension plan and are consumptions of net position that apply to future periods. The three items are the changes in assumptions, experience differences, and the City's contributions subsequent to the measurement date. They will be recognized as expenses/expenditures when consumed.

In addition to liabilities, the Statement of Net Position and the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items which qualify for reporting in this category which relate to the City's defined benefit pension plan and are the net difference between projected and actual earnings on pension plan investments and experience differences.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. Inventory and Prepaid Expenses

The costs of the City's inventories are recorded as expenditures when purchased. Expenditures for insurance and similar services extending over more than one accounting period are allocated between accounting periods. Reported prepaid expenses are equally offset by a nonspendable fund balance reserve.

#### H. Capital Assets

Capital assets are defined by the City as assets which have a cost of \$5,000 or more and an estimated useful life in excess of two years. Capital assets purchased or acquired are recorded at historical costs. Contributed assets are recorded at their acquisition value as of the date donated. Capital assets are reported in the government-wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and infrastructure	50 years
Furniture and equipment	5 – 15 years
Trucks and tractors	3 – 7 years
Distribution plants	50 years

#### I. Compensated Absences

All full-time employees earn annual leave. Unused annual leave not exceeding thirty days may be carried into the next calendar year. Payment for unused annual leave will be made upon resignation of an employee provided that proper notice is given.

The City provides sick leave to eligible employees in accordance with provisions of the personnel policy. It is the City's policy to record the cost of sick leave when it is used. Unused sick leave not exceeding 180 days may be carried into the next calendar year. At the time of retirement, any unused sick leave is added to the employees' length of service.

Accrued annual leave incurred in the proprietary fund is reported as a fund liability in that fund. In governmental fund types, annual leave is recorded as a liability only if they have matured, for example, as a result of employee resignations and retirements.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

#### K. Defined Contribution Plan

The City offers its employees a defined contribution plan (the “Plan”) which is administered by Nationwide and Newport Group. The Plan is a 457(b) Plan. The Plan, available to all full-time City employees, permits them to defer a portion of their salary until future years. Participation in the Plan is optional and the City does not contribute to the Plan. Employees’ contributions are fully vested at the time of contribution. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. During the year ended June 30, 2022, employees contributed \$30,871.

Pursuant to the Statement No. 32 of the GASB, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the City does not have a fiduciary relationship with the Plan. Accordingly, the balances and transactions of the City’s plan are not reported in the City’s financial statements.

#### L. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance”. Fund equity for all other reporting is classified as “net position”.

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Fund Equity (Continued)

- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

**Net Position** – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### M. Use of Estimates

The preparation of basic financial statements in conformance with GAAP requires management to make estimates and assumptions that effect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Stewardship, Compliance and Accountability Budgetary Information

Budgets are adopted for the general, special revenue, capital project and proprietary funds on an annual basis.

The budgets for the general, special revenue and capital projects funds are adopted on a basis consistent with generally accepted accounting principles. Budgets are prepared for the proprietary funds as a management control device. Department heads are responsible for submitting budget requests in the spring of each year. The City Accountant reviews the requests, meets with department heads and the budget sub-committee, and then creates a formal budget for the following year to be presented to the Mayor and Council. The budget hearing is publicly advertised and held in accordance with Georgia law. Thereafter, the Mayor and Council adopt a formal budget. The budgetary level of control is at the department level. All appropriations except capital projects funds lapse at year-end. There were no material purchase orders, contracts, or other commitments that should have been encumbered.

Encumbrances represent commitments related to underperformed contracts for goods or services. The City does not utilize encumbrance accounting under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriations.

### NOTE 2. DEPOSITS, INVESTMENTS AND INVESTMENT POLICIES

Total deposits and investments as of June 30, 2022, are summarized as follows:

Amounts as presented on the entity-wide statement of net position:

Cash and cash equivalents	\$ 8,873,574
Investments	129,955
Total	<u>\$ 9,003,529</u>

Governmental funds:

Cash and cash equivalents	\$ 4,424,190
Investments	15,472
Total governmental funds	<u>4,439,662</u>

Proprietary funds:

Cash and cash equivalents	4,449,384
Investments	114,483
Total proprietary funds	<u>4,563,867</u>

Total	<u>\$ 9,003,529</u>
-------	---------------------

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 2. DEPOSITS, INVESTMENTS AND INVESTMENT POLICIES (CONTINUED)

**Credit Risk.** State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the City's policy to limit its investments to those allowed and authorized by state law.

**Interest Rate Risk.** The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from decreasing interest rates.

**Fair Value Measurements.** The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The certificates of deposits are an investment which does not meet the criteria of GASB No. 72. As a result, the City does not disclose the certificates of deposits within the fair value hierarchy.

**Custodial Credit Risk – Deposits.** Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2022, the City did not have any deposits which were uninsured and under collateralized as defined by GASB pronouncements.

**Custodial Credit Risk – Investments.** Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

At June 30, 2022, the City had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Certificates of Deposit	Various	<u>\$ 129,955</u>

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 3. RECEIVABLES

Property tax receivables – Property tax receivables are shown net of an allowance for uncollectable. Property taxes not collected by the year-end are recorded in the allowance for uncollectable accounts.

Property taxes levied are recorded as receivables and recognized as revenues in the year they become due. The property tax calendar is as follows:

Date millage rate is set	September 7, 2021
Lien date	January 1, 2022
Due date	December 20, 2021
Collection dates	September 17, 2021 - December 20, 2021
Delinquent date	December 21, 2021

Receivables as of year-end for the governmental activities and business-type activities, individual major governmental funds, including the applicable allowances for uncollectable accounts, as required by GAAP are as follows:

	<u>General</u>	<u>Water and Sewer</u>	<u>Sanitation</u>	<u>Nonmajor Stormwater</u>	<u>Total</u>
Receivables:					
Taxes	\$ 143,043	\$ -	\$ -	\$ -	\$ 143,043
Accounts	97,933	265,925	145,296	24,051	533,205
Gross receivables	<u>240,976</u>	<u>265,925</u>	<u>145,296</u>	<u>24,051</u>	<u>676,248</u>
Less: allowance	<u>(125,361)</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>(125,361)</u>
Total receivables	<u>\$ 115,615</u>	<u>\$ 265,925</u>	<u>\$ 145,296</u>	<u>\$ 24,051</u>	<u>\$ 550,887</u>

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 4. CAPITAL ASSETS

A summary of notes payable as of June 30, 2022 is as follows:

On August 13, 2020, the City entered into an installment sale agreement with Georgia Municipal Association (“GMA”) for the purpose of constructing a new fire station. Under the agreement, GMA is the seller and the City is the purchaser. GMA agreed to finance and assign the agreement to Synovus Bank and advanced \$4,350,000 into an escrow fund to pay the cost of constructing the fire station. The interest rate is 1.99%.

Principal and interest payments are as follows:

<u>Year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 535,315	\$ 58,247	\$ 593,562

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 6. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payable balances as of June 30, 2022, are as follows:

Receivable Fund	Payable Fund	Total
General Fund	Water and Sewer Fund	\$ 95,596
General Fund	Nonmajor Governmental Funds	100
ARPA Fund	General Fund	1,157,362
Nonmajor Governmental Funds	General Fund	94,781
Nonmajor Enterprise Fund	Water and Sewer Fund	83,332
	Total	\$ 1,431,171

Interfund receivables and payables result from timing differences related to charges for services or reimbursable expenses. The City expects to repay these interfund balances within one year.

Interfund transfers during the year ended June 30, 2022 are as follows:

Transfer in	Transfer out	Total
General Fund	Water and Sewer Fund	\$ 200,000
General Fund	ARPA Fund	341,637
Nonmajor Governmental Funds	Water and Sewer Fund	41,543
Water and Sewer Fund	Sanitation Fund	285,151
		\$ 868,331

### NOTE 7. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City joined the Georgia Interlocal Risk Management Agency ("GIRMA") in 1999. This membership allows the City to share liability, crime, motor vehicle and property damage risks. The City retains the first \$5,000 of the risk of loss for the law enforcement and the errors and omissions coverage in the form of a deductible. The City files all claims with GIRMA. GIRMA bills the City for any risk of loss up to the \$5,000 deductible, if applicable. Management is not aware of any claims that the City is liable for which were outstanding and unpaid as of June 30, 2022. Settlement claims from the risks mentioned above have not exceeded insurance coverage for the past five years.

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 7. RISK MANAGEMENT (CONTINUED)

The City is a member of the Georgia Municipal Association of Workers' Compensation Self Insurance Fund. The fund operates under the authority of O.C.G.A. §34-9-150, et seq. The City pays into the fund its share of the fund's projected obligation of workers' compensation liability, administrative expenses, and other costs incurred by the fund. The City's share is adjusted by the board of the fund according to the claim experience of each participating member in accordance with criteria set forth in the bylaws of the fund. The fund makes payments to the employees of the members for workers' compensation benefits pursuant to and in accordance with the claims procedures set forth in Title 34, Chapter 9 O.C.G.A. The City is jointly and severally liable for all legal obligations of the fund, including, but not limited to, any obligations of the fund to pay claims against the fund arising out of any occurrence, incident, or accident covered under Title 34, Chapter 9 of O.C.G.A.

As a part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claims of loss. The City is also to allow the pools' agents and attorneys to represent the City in investigation, settlement discussion and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

### NOTE 8. PENSION PLAN

**Plan description** – The City contributes to the Georgia Municipal Employees Benefit System (“GMEBS”) Pension Plan (the "Plan"), an agent multiple employer defined contribution pension plan that acts as a common investment and administrative agent for cities in the state of Georgia. All full-time City employees are eligible to participate in the Plan. Employees are vested after five years. Retirement benefits are calculated at 1.5% of the employee's final five-year average salary times the employee's years of service. Employees that are 65 and have five years of service or meet the rule of 80 with no minimum age or service requirement are eligible to retire. Employees with 10 years of continuous service are eligible for early retirement at age 55. Officials are vested immediately and will receive a retirement benefit of \$40 per month per year. These benefit provisions and all other requirements are established by the GMEBS Pension Trust and Adoption Agreement executed by the City. The GMEBS issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing to GMEBS, 201 Pryor Street, SW, Atlanta, Georgia 30303. As of July 1, 2022 the Mayor and City Council amended the Plan to change the retirement percentage from 1.5% to 2.0%.

**Plan membership** – As of June 30, 2022, pension plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	29
Inactive plan members entitled to but not receiving benefits	51
Active plan members	68
Total	<u>148</u>

## NOTES TO THE FINANCIAL STATEMENTS

---

### NOTE 8. PENSION PLAN (CONTINUED)

**Contributions** – City employees are not required to contribute to the Plan. The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The City funds the required minimum contributions. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan is to contribute an amount equal to or greater than the actuarially-recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by the Plan members during the year, with an additional amount to finance any unfunded accrued liability. The City's contributions to the Plan for the year ended June 30, 2022 was 7.1% of covered payroll. The City's contributions to the Plan were \$203,495 for the year ended June 30, 2022.

**Net pension asset** – The City's net pension asset was measured as of September 30, 2021, which would make it applicable to the fiscal year beginning July 1, 2021 and ending June 30, 2022. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of January 1, 2022.

**Actuarial assumptions** – The mortality and economic actuarial assumptions used in the January 1, 2022 valuation were approved GMEBS Board of Trustees in December 2021 based on the results of an actuarial experience study for the period January 1, 2015 through June 30, 2019. The total pension asset in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Net investment rate of return	7.375%
Projected salary increases	2.25%
Cost of living adjustment	2.25%

Mortality rates for the valuation period were based on the RP-2000 Mortality Tables with gender-distinct rates, set forward two years for males and one year for females multiplied by 1.25. The RP-2000 mortality tables were determined to contain sufficient provision appropriate to reasonably reflect future mortality improvement, based on a four-year review of mortality experience for the period January 1, 2015 to June 30, 2019. Mortality experience will be reviewed periodically and updated if necessary.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 8. PENSION PLAN (CONTINUED)

**Actuarial assumptions (Continued)** - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and by adding expected inflation. Best estimates are arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of July 1, 2021 are summarized in the following table:

Asset Class	Target allocation	Long-term expected real rate of return*
Domestic equity	45%	6.55%
International equity	20%	7.30%
Domestic fixed income	20%	0.04%
Real estate	10%	3.65%
Global fixed income	5%	0.50%
Cash	0%	
Total or weighted arithmetic average	100%	

\* Rates shown are net of the 2.25% assumed rate of inflation.

**Discount rate** – The discount rate used to measure the total pension asset was 7.375%. The projection of cash flows used to actuarially determine contribution rates assumed that City contributions will be made at rates equal to the actuarial determined rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all the projected benefit payments to determine the total pension asset.

The following presents the net pension asset of the City, calculated using the discount rate of 7.375%, as well as what the City's net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (6.375%) or 1-percentage-point higher (8.375%) than the current year.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 8. PENSION PLAN (CONTINUED)

**Discount rate (Continued)** – The City's net pension asset as calculated at the discount rates noted above are as follows:

	<b>1% Decrease (6.375%)</b>	<b>Current Discount Rate (7.375%)</b>	<b>1% Increase (8.375%)</b>
City's net pension asset	\$ (568,904)	\$ (1,532,602)	\$ (2,319,864)

**Changes in net pension asset** – The changes in the components of the net pension asset for the City for the year ended June 30, 2022 were as follows:

	<b>Total Pension Liability (a)</b>	<b>Plan Fiduciary Net Position (b)</b>	<b>Net Pension Asset (a) - (b)</b>
<b>Beginning Balance</b>	\$ 6,043,057	\$ 6,581,082	\$ (538,025)
Changes for the year:			
Service cost	123,014	-	123,014
Interest	447,925	-	447,925
Differences between expected and actual experience	192,591	-	192,591
Contributions – employer	-	180,173	(180,173)
Net investment income	-	1,594,894	(1,594,894)
Benefit payments	(185,032)	(185,032)	-
Administrative expense	-	(16,960)	16,960
<b>Net changes</b>	578,498	1,573,075	(994,577)
<b>Ending Balance</b>	\$ 6,621,555	\$ 8,154,157	\$ (1,532,602)

The Plan's fiduciary net position as a percentage of the total pension liability 123.15%

The required schedule of changes in the City's net pension asset and related ratios in the required supplementary information section presents multi-year trend information about whether the value of plan assets are increasing or decreasing over time relative to the total pension asset.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 8. PENSION PLAN (CONTINUED)

***Pension expense and deferred outflows/inflows of resources related to pensions*** – For the year ended June 30, 2022, the City recognized pension income of \$83,035. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 200,964	\$ 16,616
Changes in assumptions	50,243	-
Net difference between projected and actual earnings on pension plan investments	-	888,029
City contributions subsequent to the measurement date	152,621	-
Total	<b>\$ 403,828</b>	<b>\$ 904,645</b>

City contributions subsequent to the measurement date of \$152,621, are reported as deferred outflows of resources and will be recognized as a reduction to the net pension asset for the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<b>Year Ending June 30,</b>	
2023	\$ (121,366)
2024	(127,715)
2025	(182,287)
2026	(222,070)
Total	<b>\$ (653,438)</b>

## NOTES TO THE FINANCIAL STATEMENTS

---

### **NOTE 9. JOINT VENTURE**

The City is a member of the Middle Georgia Regional Commission ("MGRC"). Membership in a regional commission is required by O.C.G.A. §50-8-34, which provides for the organizational structure of regional commissions in Georgia. The MGRC board membership includes the chief official of each City and municipality of the area. O.C.G.A. §50-8-39.1 provides that member governments are liable for any debts or obligations of the regional commission. Separate financial statements may be obtained from:

Middle Georgia Regional Commission  
175 Emery Highway  
Macon, Georgia 31217

### **NOTE 10. CONTINGENCIES**

The City is a defendant in various lawsuits. In the opinion of the City's management and the City Attorney, the ultimate effect of these matters will not have a material adverse effect on the financial condition of the City.

## **COMBINING STATEMENTS AND SCHEDULES**

# CITY OF CENTERVILLE, GEORGIA

## NONMAJOR GOVERNMENTAL FUNDS

---

### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The **Confiscated Assets Fund** accounts for monies collected under Georgia Law by the City's law enforcement officers. Such monies are restricted to defray the cost of complex investigations and to purchase equipment relating to said investigations.

The **Center Park Fund** accounts for the donations and expenses related to the Center Park of the City of Centerville.

The **Community Home Investment Program ("CHIP") Grant Fund** accounts for the grant revenue and expenses related to providing affordable housing in the City of Centerville.

### CAPITAL PROJECTS FUND

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The **Local Maintenance and Improvement Grant ("LMIG") Fund** accounts for capital projects of the City from resources provided by the Local Maintenance and Improvement Grant.

Reconciling item to adjust for principal payments on debt related to 2018 project:					
Debt service	-	4,350,000	899,999	593,561	1,493,560
<b>Totals</b>	<u>\$ 4,029,337</u>	<u>\$ 10,335,002</u>	<u>\$ 5,784,305</u>	<u>\$ 646,748</u>	<u>\$ 6,431,053</u>

**Note** - Original estimated cost represents the portion of these projects to be funded with the Special Purpose Local Option Sales Taxes ("SPLOST"). Revised and actual costs represent the portion of these projects funded with SPLOST as well as financing with Synovus Bank for the excess cost of constructing a new fire station.

## **COMPLIANCE SECTION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

**To the Honorable Mayor and  
Members of the City Council  
City of Centerville, Georgia  
Centerville, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Centerville, Georgia (the "City") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 28, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

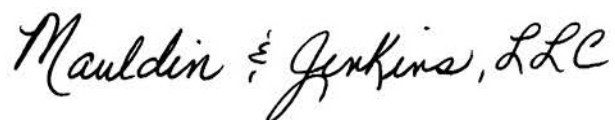

---

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macon, Georgia  
October 28, 2022

**CITY OF CENTERVILLE, GEORGIA**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

---

**SECTION I**  
**SUMMARY OF AUDIT RESULTS**

**Financial Statements**

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP

Unmodified

Internal control over financial reporting:

Material weaknesses identified?

\_\_\_ Yes  X  No

Significant deficiencies identified not considered to be material weaknesses?

\_\_\_ Yes  X  None Reported

Noncompliance material to financial statements noted?

\_\_\_ Yes  X  No

**Federal Awards**

There was not an audit of major federal programs as of June 30, 2022 due to the total amount expended being less than \$750,000.

**SECTION II**  
**FINANCIAL STATEMENT FINDINGS AND RESPONSES**

None reported.

**CITY OF CENTERVILLE, GEORGIA**

**SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

---

None reported.
